

SPECIAL PROMOTION

P-915 GLUE GUN

JANUARY 2009

Go large on output and performance, not size
There is no better time to use the **P-915** glue gun

- It is lightweight yet robust
- It is very easy to use with its full hand trigger
- It can deliver 2+ kilos of molten glue per hour
- It has a third more output from each pull of the trigger against the same size 12mm gun
- It does not need to be reloaded as often as you would with a 12mm gun, as each 300mm x 15mm glue stick is 70% more glue than a 300mm x 12mm glue stick

THE OFFER

The **P-915** (value £79) supplied free of charge with 50kgs of **95, 96** or **97** - 15mm hot melt adhesive.

Ref.	Qty.	Price per CTN. (5kg)	Total
95, 96 or 97-15-300	10	£29.75	£297.50
P-915	1	RRP £79	F.O.C

This is a fantastic opportunity to obtain the best mid range gun available today.
